

Comcast Leaders and Achievers® Scholarship Program

The Comcast Leaders and Achievers® Scholarship Program recognizes students who excel in and out of the classroom, while serving as models for their fellow students.

Our youth face many challenges today, including rising education costs. That's why we award recipients a one-time grant of \$1,000 to be used toward their pursuit of higher education. Since 2001, the program has recognized approximately 27,000 students around the country—and given away more than \$28 million in scholarship grants.

And we need your help to do it again!

A step-by-step guide to the three Rs:

Request

The Comcast Leaders and Achievers® Scholarship Program is independently administered by International Scholarship and Tuition Services, Inc (ISTS). To determine your school's eligibility or to request information regarding how to nominate a high school senior, please contact ISTS at (855) 670-4787, or by e-mail at comcast@applyists.com. More information is available at www.comcast.com/community and recipients can learn more about how Comcast invests in our communities by connecting with @ComcastImpact on Twitter and Facebook.

Recognize

Recognize an outstanding student by nominating one full-time high school senior, enrolled in a high school in a Comcast community, who demonstrates:

- A strong commitment to community service
- Leadership abilities through activities or work experience
- A grade point average of 2.8 or higher
- Plans to attend an accredited nonprofit college, university, or vocational/technical school in the United States.

Comcast is a media and technology company, and the owner of Comcast Cable and NBCUniversal. While we are a global corporation, we will always be a local company. We strive to strengthen local neighborhoods and communities because we recognize that being an active part of communities is an integral part of our success, and our company culture is enriched by this diverse environment. We also seek strong connections with communities because our employees live, work, and raise their families everywhere that we provide service. Comcast is committed to diversity – in our employment practices, our purchasing decisions, our programming and our community investment. Last year, more than 1,000 scholarships were awarded to diverse students.

Reward

Well, that's the easy part. The Comcast Leaders and Achievers® Scholarship Program is an online program and all required materials must be completed by **November 30, 2017**. Incomplete or late materials will be disqualified. Scholarships are a one-time, \$1,000 grant. The sooner we receive the nomination and materials, the greater opportunity for an award.

The Leaders and Achievers Scholarships are one-time awards in the amount of \$1,000 for use towards qualifying college costs and expenses. Scholarship awards are nonrenewable and are not based on financial need. To be eligible to apply for and receive a scholarship, a student must be a full-time high school senior at the time of application; must demonstrate a strong commitment to community service; must display leadership abilities in school activities or through work experience; must have a grade point average of 2.8 or higher at the time of application; must attend a high school in a community served by Comcast or otherwise approved by Comcast; must attend an accredited nonprofit college, university, or vocational/technical school in the United States; and the student must, and if the student is under the age of eighteen the student's parent or guardian must, complete and approve the terms and conditions set forth in the media release included as part of the scholarship acceptance form. Awards are granted without regard to race, color, creed, religion, disability or national origin. Employees of Comcast, its subsidiaries and affiliates, and the children and other family members of Comcast employees and employees of Comcast's subsidiaries and affiliates are not eligible. The number of scholarships awarded each year varies and is determined in the sole discretion of Comcast. If the number of scholarship applicants exceeds the number of available scholarships in a given year, scholarships will be awarded to approved recipients (those that meet all requirements, including all deadlines) in the sole discretion of Comcast.

The program is administered by International Scholarship and Tuition Services, Inc. ("ISTS"), an independent firm that specializes in managing sponsored scholarship programs. The Comcast Foundation reserves the right to interpret and review the terms, conditions and procedures of this scholarship program and to make changes at any time, including termination of the program. By applying, applicants agree that Comcast will have no liability for any of its acts or omissions in operating the program, including on account of any of the acts or omissions of ISTS.
